Director of Communications

Course of Instruction in Writing [ ]

1. I have read with interest, the memorandum from [ ] to the Acting Chief, Intelligence School, concerning the course of instruction given at [ ] from 14 to 25 January 1957. I find that I am in minor disagreement with some of the remarks of [ ] Specifically, "there are not enough teachers," and that the teachers "have to devise their own procedures, set up their own curriculum." The comments of [ ] appear to be a matter of opinion and I am not sure that he was sufficiently informed on these particular matters. A considerable number of the teachers have completed the course given by OTR in "Instruction and Techniques." Further, the curriculum is laid down by my staff based upon considerable experience in this type of instruction. Insofar as it is feasible, the instructors who have not had the benefit of the course given by OTR in "Instruction and Techniques," will be given this course as will new instructors.

2. [ ] suggested that OTR send [ ] as an unofficial consultant to [ ] This, I understand has been done and I am grateful for this assistance.
